## Tenure track positions at the Department of Biochemistry

*Universidade de São Paulo / Institute of Chemistry / Department of Biochemistry*

**T**he Department of Biochemistry, Institute of Chemistry from the Universidade de São Paulo invites applicants for two (2) assistant professor positions in biochemistry and one (1) in bioenergy.

We seek individuals that are enthusiastic to develop competitive and independent research programs at the cutting edge of Biochemistry and Molecular Biology. Brazil is going through an unprecedented expansion of its scientific research, backed by a firm commitment of its government to the development of local science and technology.

Our Department is one of the top biological research centers in South America, with well-equipped facilities for genomic, cell and structural biology, and an internationally recognized faculty, supported by talented graduate students and postdocs. These attributes, plus the steady funding from Federal and State agencies, make the Biochemistry Department an exciting place to carry out world-class research.

Applicants for these faculty positions should have a Ph.D. and demonstrated capacity to initiate and conduct leading-edge research.

He or she is also expected to mentor graduate students and to participate in the teaching of undergraduate and graduate courses.

Applicants for this tenure-track position will undergo a selection process in Portuguese or English languages. Detailed information about the selection process, deadlines and documentation can be found at [www2.iq.usp.br/bioquimica](http://www2.iq.usp.br/bioquimica) or by direct inquiry at [depqbq@iq.usp.br](mailto:depqbq@iq.usp.br).

The deadline to receive all the documentation required to apply for these faculty positions is Sept 1st (Biochemistry) and Sept 29 (Bioenergy), 2014.
